<b>Customs tariff</b>	9405299090

### Information

#### Name English

QUAY Floor Lamp Ø21cm, White

#### Description English

Few things define the style and ambience of a room as the lamps you choose to illuminate it with.

Eva Solos series of lamps have been designed to take centre stage and bring light and elegance to your favourite living spaces.

With their powder-coated and steely outside, their unique and iconic shapes and their light and warm inside, the lamps create a modern and charismatic statement where light, form and function come together in perfect trinity.

Quay is inspired by the dome – one of the world's most iconic shapes, with an architectural lineage as old as man himself.

For Quay, Eva Solo used the shape of the dome to create a series of lamps that naturally attract the eye and complement any room with their light, shape and functionality.

Quay is a sculptural element on its own, whose natural beauty is only enhanced by the company of its companions.

Quay floor lamp comes with an elegant dome-shaped lampshade, a round and elevated lamp base, a lamp rod, and a practical light switch. The adjustable lamp shade makes the lamp extra versatile and functional for reading, for spot-light effects, and floor- and object-lightning. It comes with a 2.5 m long textile cable and can be used with a max 25W E27 light source. Made from powder-coated steel

Steel

#### Material English

#### Cleaning and maintenance English

Wipe with clean and dry cloth or hard wrung cloth from luke warm water. Avoid any harsh detergents. Damaged cords must be replaced immediately by authorised electrician.

## Dimensions

Product weight (kg)	6.29
